What are your guiding principles?

Freemasons use four important guiding principles to help define their path through life: integrity, friendship, respect and service.

In today's world filled with uncertainty, these principles ring as true as they have at any point in the organisation's history.

One of the oldest social and charitable organisations in the world, Freemasonry's roots lie in the traditions of the medieval stonemasons who built our cathedrals and castles.

"Commandos to the Craft. Caught in a tight spot your brother would be there. A special bond that Commandos do share. After saying goodbye to my brothers in arms. Another brotherhood came following along with charm. Mirroring the spirit that Commandos hold strong I knew the craft was somewhere I could belong. Never forgetting my brothers of past. I am truly thankful to my new chosen path."

Membership is open to people from all backgrounds and the organisation's aim is to empower members to be the best they can be – it's about building character, supporting members as individuals, and helping them make a positive contribution to society.

"For me Freemasonry is about friendships, aspiring to be a better person and charity. Moreover, at our meetings, I'm aware of my part in the rich history of the Lodge and of the Brethren who have met here in years before and those Brethren who will follow in our footsteps."

Freemasonry provides a structure for members to come together under these common goals, enabling people to make new friendships, develop themselves and make valuable contributions to charitable causes.

INTEGRITY:

Building good people

Rather than working on buildings like the masons of old, today's Freemasons focus on building themselves as people of integrity, and membership provides the structure to help achieve that goal.

"Hoping to become a better person is admirable, but the people you meet, the environment and the moral code within Freemasonry makes achieving that aim much more likely."

"I love the structure and formality of our meetings, the regalia and historic ritual. I then enjoy relaxing at the festive board in the company of likeminded people who share the same values in life and the conversations and camaraderie that brings."

JOHN

At an individual level, being a Freemason gives members a sense of purpose, supporting and guiding them on their journey through life. Collectively, members are bonded through a sense of unity and equitability – principles fundamental to Freemasonry.

THE HISTORY OF THE HANDSHAKE

Historically, stonemasons travelled from place to place to secure work. At this time, handshakes were commonly used as a means for stonemasons to identify themselves, proving their level of experience and indicating what position they held. Today, in recognition of this practice, handshakes are used ceremonially as a way of identifying the various levels within Freemasonry.

FRIENDSHIP:

Building together

One of the oldest social organisations in the world, Freemasonry is not defined by an ideology.

It is open to people from all religions and political persuasions, and provides the common foundation for friendships between members, many of which will last for life.

"Freemasonry equips us with the ability to easily form friendships with other members, even when meeting for the first time. The variety of familiar experiences shared by every Freemason results in us already having much in common, which is a strong foundation from which to establish a meaningful and long-lasting relationship."

Being a Freemason means something different to each person who joins, but whether looking to make acquaintances or develop their own potential, all members share a sense of togetherness that strengthens their ability to succeed and grow.

"Being a Freemason along with my fellow Brethren enables me to help people from all walks of life who may be at their lowest ebb and in dire need. Not only by face to face communication but also through charity, which encompasses the essence of Freemasonry."

BUILDING FRIENDSHIPS FOR LIFE

From university schemes, to new masons clubs, to special interest Lodges, Freemasonry gives members many opportunities to make friends for life. Finding bonds with people who share common interests and meeting people from all different backgrounds are only some of the ways Freemasonry can help cultivate lasting friendships.

RESPECT:

Building unity

With a membership of more than 200,000 people drawn from communities across the UK, Freemasonry brings people together irrespective of their race, religion or any other perceived differences that can divide us as a society.

"Freemasonry helps personal development. I've seen men who would never have dreamt of making a speech build the confidence to address a large audience and hold their attention. They had an ability; Freemasonry provided the friendly and supportive environment for them to develop it."

SEV
THE LODGE OF AMITY 137

"I consider Freemasonry to be an extension of life itself. In life we learn from lessons taught and experience gained. Freemasons continue to build on that with a charitable heart and a willingness to give of themselves."

Our members are proud to be Freemasons, and they are encouraged to talk openly about what the organisation does and what it means to be part of it.

FEMALE FREEMASONS

There are two female-only Grand Lodges, the Honourable Fraternity of Ancient Freemasons (HFAF) and the Order of Women Freemasons (OWF). The HFAF and OWF follow exactly the same ritual and wear the same regalia as male Freemasons – and they often work closely with community and charity projects.

Female Freemasons Annie Besant and Charlotte Despard were prominent figures in the push for universal suffrage in the early twentieth century. Besant was a British theosophist and women's rights activist who also established the first UK lodge of the International Order of Co-Freemasonry (Le Droit Humain) in 1902. Despard, an Anglo-Irish suffragist, pacifist and novelist, was a founding member of various reformist organisations whose presence lives on today in the North London pub named in her honour.

SERVICE:

Building compassion

Whether participating in events, fundraising for a charitable cause or volunteering for public or community organisations, service is at the very heart of Freemasonry.

Our members make valuable contributions by donating time, resources and skills.

"Giving to charity through Freemasonry gives me a great feeling of doing good. I've personally seen how quickly as Freemasons we can react and help the individual, a local charity or even tragedies home and abroad."

Individuals can make an important contribution at local, national and global level by giving both their time and money. Thanks to their efforts, Freemasonry is one of the largest charitable givers in the country, contributing more than £48m to deserving causes in 2018 alone. Freemasons don't only donate money – over 5 million hours of volunteer work was undertaken by Freemasons in 2018.

"We work together to make the world a better place, enhancing our charitable offerings whilst conducting our general day to day life with integrity."

FREEDOM OF THE CITY

In 1894, facing financial crisis, Manchester City Football Club was offered a helping hand by the Freemasons. In acknowledgement of the organisation's act of charity, the club adopted Masonic colours, giving them the light blue shirts that are so recognisable to football fans today.

Membership

Becoming a Freemason means you'll be joining more than 200,000 members throughout England and Wales as well as Districts overseas.

Membership is open to any man over the age of 18 irrespective of their race or religion, and women are invited to join one of two female-only Grand Lodges: The Order of Women Freemasons and the Honourable Fraternity of Ancient Freemasons.

In total, we have more than 7,000 Lodges, with students also able to join one of the 81 University Scheme Lodges.

"Freemasonry affords an opportunity for men from all walks of life to meet on common ground where all men are equal and have one common interest."

Lodge meetings are typically held in two parts. The first involves more administrative procedures, such as proposing and balloting for new members and receiving news about charitable fundraising.

The second part focuses on ceremonies, which might relate to areas such as the admittance of new members or the installation of the Master of the Lodge and his officers – a process made up of three degrees, or stages, each one marked by a special ceremony.

True to the sense of friendship and togetherness among Freemasons, meetings are also social events, providing an occasion for members to dine together.

Outside of the Lodge, activities include community fundraising and volunteering activities as well as a varied programme of events where spouses, partners and families are welcome.

FINDING THE RIGHT FREEMASONRY FOR YOU

There are many specialist Lodges in Freemasonry; Lodge of XV No. 9944 in Essex, for example, is one of a vast number found throughout the country. The Lodge is for those who are also keen rugby fans. Other specialist lodges include a variety of sports, as well as motoring and young member lodges.
